## REVIEW REPORT TO THE MEMBERS ON STATEMENT OF COMPLIANCE WITH BEST PRACTICES OF CODE OF CORPORATE GOVERNANCE.

We have reviewed the statement of compliance with the best practices contained in the Code of Corporate Governance prepared by the Board of Directors of **Sazgar Engineering Works Limited** ("the Company") to comply with the Listing Regulations No. 35 of the Karachi, Lahore and Islamabad Stock Exchange where the company is listed.

The responsibility for compliance with the Code of Corporate Governance is that of the Board of Directors of the Company. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Company's Compliance with the provisions of the Code of Corporate Governance and report if it does not. A review is limited primarily to inquiries of the company personnel and review of various documents prepared by the company to comply with the Code.

As part of our audit of financial statements, we are required to obtain an understanding of the accounting and internal control system sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board's statement on internal control covers all risks and controls, or to form and opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

Further, Sub-Regulation x of Listing Regulation 35 of Karachi, Lahore and Islamabad Stock Exchanges requires the Company to place before the Board of Directors for their consideration and approval related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price recording proper justification for using such alternate pricing mechanism. Further, all such transactions are also required to be separately placed before the audit committee. We are only required and have ensured compliance of requirement to the extent of approval of related party transactions by the board of directors and placement of such transactions before the audit committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respect, with the best practices contained in the Code of Corporate Governance as applicable to the Company for the year ended June 30, 2013.
